Troop Programs

Greater Newark Conservancy provides many opportunities to engage with the natural world throughout our Outdoor Learning Center. We offer a variety of hands-on programs designed to meet the requirements of many Scout Badges. Most programs are typically **60-90 minutes long**. Minimum private program charge is generally **\$75 (for 10 troops; +\$10 per extra troop)**. If budget is limited, we can arrange a self-guided tour with suggested activities.

Contact us at karla@greaternewark.org or patrick@greaternewark.org to inquire and learn more.

Urban Habitats

Our Urban Habitats Program offers hands-on experiences that bring urban habitats to the classroom, offering scouts an intimate look at the biodiversity sharing our green spaces. Choose 4 of 6 station themes below to build your program.

- Worms
 - Learn all about earthworms and the importance of decomposers.
- Bees & Pollinators
 - Learn the importance of pollinators through a deep dive into bees.
- Mammals
 - Learn about the parts and functions of mammals that thrive in the city.
- Birds
 - Learn about different aspects of birds including identification, and morphology.
- Plants
 - Learn about the processes and structures of plants.
- Insects
 - Learn about the importance of insects and the role they play in our environment.

Arts in Nature

Our Arts in Nature program invites young creators to explore the outdoors through hands-on artistic expression. Children rotate through four immersive stations designed to blend creativity with environmental discovery!

Choose 4 of 5 station themes below to build your program.

- Watercolors
- Pencil Sketching
- Music
- Nature Mandalas
- Bug Hotels
